Palliative Home Care

We give free medical support as well as nursing care to the bed-ridden patients belonging to Below Poverty Line in Perumbavoor municipality and nearby panchayaths of Mudakuzha, Rayamangalam, Asamannoor, Vengola, Mazhuvannoor and Kunnathunadu. We visit their houses as a team of a doctor, nurse and volunteer atleast once in every month. We comfort them, nurse them and give help in possible ways.

Day Home

We bring people above 65 years of age in the morning to our Day Home situated at Allapra and in the evening they are dropped back to their houses. We provide them with classes, games and other entertainments. They find a new ray of light in their life and their loneliness is wiped off. We also give them medical support through doctors and nurses. A peaceful and content mind during the oldage is a blessing and a matter of good luck.

Psychotherapy & Counselling Centre Child Development Clinic

People have to deal with variety of problems that affects their psychological well-being & quality of their daily life which includes anxiety, depression, family problems, marital and sexual problems, OCD, phobias, etc. There are scientific ways of diagnosing and managing them for which counselling and psychotherapy sessions are provided under the supervision of clinical psychologist. We also take care of physical and psychological well-being of children. During the course of development, children meet with variety of issues such as developmental delay, inattention, hyperactivity, autism, academic issues, learning disability, emotional and behavioral problems. We identify and provide intervention. Parental counselling and training are also provided to pave way for effective upbringing of children. Homoeopathic consultation is also available. Consultation by appointment - 9400306654

Other Services

Financial Aid for Dialysis

Kidney Patients are provided with financial support for dialysis and treatments. We provide cheques in favour of treatment providing hospital and also useful household items at their doorstep.

Educational Support

We provide ways of education for children in remote villages where there is no hope for them to attend school. Within an education helpage scheme for children, we provide complete help for them.

Medical Support

We help people living in remote villages who cannot afford proper medical care.

Pension for Tribal Widows & Disabled

Widows and differently abled persons in tribal villages are helped by providing Rs. 500 every month.

Support for Marriage

In forward communities, people spent a lot for marriages. But countless backward families are unable to have their daughters and sons get married due to poverty. We support them in their difficult situation.

Blood Donation

Free blood check-up and blood donation camps are conducted. We maintain a list of donors and help the needy in emergencies.

House Construction

Many in the remote villages do not own land or house. We help them to purchase land or build house.

Orphanage & Hostel

These are our children in Moriah Kripa Bhavan, in Madhya Pradesh. We provide complete sustenance for these tribal children.

Let's extend our helping hands to our needy and helpless fellow beings...

**A little time ?
A little effort ?
A little help ?**
for these poor.....
